APPEAL FOR DENIAL OF ADA PARATRANSIT ELIGIBILITY

An appeal must be filed within sixty (60) days of the denial of an individual's application. The individual filing the appeal will be provided an opportunity to present their appeal in person. As part of the appeals process, NRTA has the right to request additional documentation (relating to the person's ability to use transit services) from a physical therapist, rehabilitation counselor, or other health care professional. NRTA may require that a health care professional designated by NRTA, at the expense of the NRTA, evaluate the applicant. The NRTA Administrator's designee will hear the appeal.

Following the ADA "Appeal Process" issued by NRTA:

1. Notify NRTA in writing with sixty (60) days of the determination date indicated on the determination letter that you request to be heard by NRTA Administrator. This hearing process will allow you to present information and arguments on your behalf. NRTA will then make a decision eligibility and written notification will be sent either stating the change in eligibility or the reasons for denial.
2. NRTA is not required to provide Paratransit service to the individual pending the determination on appeal. However, if NRTA has not made a decision within thirty (30) days of the receipt of the appeal, NRTA will provide service from that time and until a decision on the appeal is made. Written decisions are available in accessible formats upon request.

FARES

The fare for a one way trip on weekdays between 8:00 am and 4:00 pm is \$1.00. The fare for a one way trip service provided any other time is \$2.00. A quarterly pass is available for \$50.00 and provides unlimited trips during that quarter. NRTA sends quarterly invoices.

ACCESSIBLE LIFTS, RAMPS AND DRIVEWAYS

NRTA will transport passengers using a mobility device, providing that the following conditions are met. These conditions have been established as safety concerns for our customers as well as our drivers. It is NRTA's goal to be in compliance with ADA as long as adhering to ADA requirements ensures maximum safety to all parties involved.

1. Any building entrance, to which NRTA transports customers using a mobility device, having more than one step, must have a ramp from the doorway to a smooth surface walk/access leading to the vehicle.
2. If the combined weight of the passenger and mobility device exceeds the posted vehicle wheelchair lift maximum combined weight threshold, transport may not be provided.
3. The mobility device, a mobility aid belonging to any class of three or more wheeled devices, usable indoors, designed or modified for and used by individuals with mobility impairments, whether operated manually or powered will be transported if it fits in the vehicle and is able to be properly secured.
4. Customers who have difficulty accessing the vehicle using the vehicle steps may board by riding the wheelchair lift while standing. Drivers will always assist customers to board the vehicle.
5. NRTA requires access to buildings via driveways to be free of tree limbs and other impediments which cause vehicle damage or restrict vision.

COMPANIONS/PERSONAL CARE ATTENDANTS

Riders can be accompanied by one personal care attendant and one companion. Additional companions can accompany the rider on a space-available basis. Personal care attendants, identified as necessary during the application process, travel at no charge. Companions pay the full fare.

SCHEDULING TRIPS

Call in advance for an appointment. Same-day transportation is only provided on a space-available basis.

If you are a senior or a person with disabilities who is not eligible for ADA paratransit, call weekdays, excluding holidays, from 8:00 am to 2:00 pm.

If you are a person who is eligible for ADA paratransit, reservation hours are extended when fixed-route service operates. Reservations can be made the day before the trip up to 14 days in advance from 8:00 am to 4:00 pm. To speak to a reservationist, call weekdays. A telephone answering system is available on Saturdays, Sundays, and holidays. Requested schedule times may be adjusted to within one hour to fit in the schedule.

To help serve you better, we ask that you observe the following 4 tips:

1. Prepare for your call
2. Have your trip information ready and organized
3. Schedule the return trip up front
4. Be ready to go at the scheduled time

Prepare for Your Call. Please have the following information ready when you call:

- Name
- Date of travel
- Origin address
- Destination address
- Desired pick-up or arrival time

The trip scheduler will let you know your pick-up and return times. NRTA will make every effort to schedule your trip at the desired times. For ADA paratransit service, the ADA allows the ride to be scheduled up to 1 hour before or 1 hour after the requested times.

Note Your Trip Information. Have a pencil and paper ready to write your pick-up and return times down. This will help you remember them. If you have a calendar, write the times on it.

Schedule Your Return Trip Up Front. NRTA asks that you schedule return trips at the time you schedule the original trip. Passengers should anticipate the

latest possible time needed for their return and schedule a return trip for that time. If you are ready to return before your scheduled time, or if you will be later than your scheduled time, please call NRTA immediately and we will do all we can to accommodate your request.

Be Ready to Go at the Scheduled Time. Please be ready to go 10 minutes before the scheduled pick-up time. NRTA makes every effort to arrive as close to the scheduled pick-up time as possible. However, NRTA may arrive up to 10 minutes before or 20 minutes after the scheduled pick up time.

Example: If you schedule a 9:30 a.m. pick-up, the vehicle may arrive between 9:20 a.m. and 9:50 a.m.

This 30-minute time period (of 10 minutes before to 20 minutes after the scheduled time) is called the pick-up window.

Drivers, after arriving within the pick-up window, will wait up to 5 minutes. Any passenger, who is not at the scheduled pick-up point and ready to go by that time, will be considered a no-show, and the driver will leave to pick up other riders. The driver will NOT return for a second attempt. The only exception will be passengers who have been detained during a medical appointment. If you know that you will be detained during a medical appointment, please call NRTA at (508) 325-7516 as soon as soon as possible.

NO-SHOWS AND CANCELLATION POLICY

Passenger no-show trips and late cancellations affect both the customer and NRTA. No-shows and cancellations lead to wasted fuel and time as well as decreased productivity which impacts other clients causing unnecessary delays and detours.

A no-show occurs when the vehicle arrives at the pick-up location within the 30 minute pick up window, waits the required 5 minutes, and an attempt is made to contact the client and the client does not board the vehicle. If there is a return trip scheduled, the operator will attempt to call the client to ascertain if the return trip is necessary. If no contact is made the vehicle will attempt the return trip. If the client does not board during the required wait time the return will be considered another no-show.

A late cancellation occurs when a client cancels a trip less than one hour before the schedule trip.

In any calendar month any customer who has no showed or late cancelled 20 percent or more of each trip booked will be subject the schedule below. Suspensions begin on the first Monday.

- First violation – written warning.
- Second violation – 5 day suspension
- Third violation – 10 day suspension
- Fourth violation – 15 day suspension
- Fifth and subsequent violations – 20 day suspension

AMOUNT OF ASSISTANCE RENDERED

1. Help from the van to the door will be rendered as necessary and upon request.
2. Vehicle drivers are required to be at the vehicle door to assist customers getting in and out of vehicles.
3. NRTA will not leave customers unattended in a vehicle.
4. There is a 2-bag limit per person, including groceries, and the customer must be able to independently carry bags on and off the vehicle and to and from the door. Drivers will only assist with bags that he or she can easily carry. Drivers will not carry heavy bags.

REFUSING RIDES

1. If the combined weight of the passenger and wheelchair exceeds the vehicle wheelchair lift maximum weight threshold or the wheelchair dimensions exceed the recognized limits and does not fit on the vehicles.
2. Explosives, highly flammable or dangerous materials will not be allowed under any condition.
3. Violent, seriously disruption or illegal conduct or represents a direct threat to the health and safety of others.

Such action may be taken immediately or upon investigation of the incident. In the event of an incident that prompts immediate refusal of or termination of service; NRTA will investigate the incident

and determine if the refusal or termination of service will persist. If future service is to be refused, NRTA will notify the individual in writing that he/she will no longer be provided with transportation. This determination will be made in a non-discriminatory manner consistent with the ADA.

APPEALS HEARING PROCESS

An appeal of the decision to refuse or terminate service may be made by the affected customer within 10 days of the determination date. The customer may appeal the suspension and will have the opportunity to be heard, to present arguments and to be helped by an advocate working with a local social service agency. The appeal will be heard by the NRTA Administrator or the NRTA Administrator's designee. After the appeal is heard, written notification of the appeal decision and the reason for the decision will be provided within 30 days of the completion of the hearing. Any suspension would be for a reasonable period of time, taking into account the frequency the service is used.
