

NANTUCKET REGIONAL TRANSIT AUTHORITY

VISION

Nantucket Regional Transit Authority has established a standard of excellence that is only equaled to its commitment to provide safe, efficient, affordable and widely accessible transportation service to meet the needs of the year-round community and the diverse summer population it serves.

To achieve this vision the NRTA has established the following goals:

Goal #1: Provide a safe and convenient alternative to driving for residents and visitors that is sensitive to the character and environs of the Island and offers an array of interconnected modes to the public that offers access to jobs and services.

Goal #2: Minimize the use of automobiles on Nantucket and provide an attractive, accessible alternative transportation option that meets mobility needs while contributing to increased access to opportunities and a healthy environment for residents and visitors.

Goal #3: Ensure transportation services are affordable.

Goal #4: Expand and increase services and frequencies to meet the needs of the diverse summer and year round populations
